What happens when you meet Mr Right, then find out that someone's got there first? Do you: bury your feelings, convince yourself that nothing can ever happen between the two of you and try to move on or fail miserably to bury your feelings and repeatedly act like an incompetent fool in front of him. In Lulu's case, it's a bit of both. When she meets Charles, a handsome and sophisticated actor, he seems like the perfect catch - until she finds out about the wife and children. But when Lulu and Charles end up away on location together, sparks fly and suddenly everything gets complicated...Lulu tries to confide in Alice, her twin sister and best friend, but she's too distracted by her new relationship with gorgeous but rage-filled Richard. When will she learn that sexy bad boys do not make good boyfriends? And for Lulu, can love conquer all, or is she just a walk-on part in the oldest story in the book?
