it investigates an array of recent theories and controversies in the field of legal philosophy and especially shows us a reflective view of numerous prominent issues in the tradition of analytic philosophy, although as an immovable proponent of Ronald Dworkin, I don't agree with its critiques. But still an interesting interesting book to read.

看了其中几篇，kramer这种挑刺式的批判，还必须结合批判对象的原文来读才行。虽然很细致，但也难怪引用率不高。
