著者:John Smiley

出版者:Smiley Publishing

出版时间:2008-08-26

装帧:Paperback

isbn:9780615248431

An Introductory text on VB.Net using Visual Basic.Net 2008 Express Edition. The easiest technical book you'll ever read. Open it up and see for yourself. Join Professor Smiley's Visual Basic.Net class as he teaches essential skills in programming, coding and more.

Using a student-instructor conversational format, this book starts at the very beginning with crucial programming fundamentals. You'll quickly learn how to identify customer needs so you can create an application that achieves programming objectives---just like experienced programmers. By identifying clear client goals, you'll learn important programming basics---like how computers view input and execute output based on the information they are given---then use those skills to develop real-world applications. Participate in this one-of-a-kind classroom experience and see why Professor Smiley is renowned for making learning fun and easy.
