It is a snap. In other words, a formality.

One day, Adam is showing the first signs of weakness: "I love being with you, I like to laugh, live, sleep with you, I love making love with you. But I do not know if I love you. "

It is to be slaughtered, she thinks, since the flying, it does not fulfill the promises of love.

Immediately, his perception is blurred but it refuses to allow the pain organizes emotion; use something else, yes, use the destruction of the feeling in the construction of the book. It is not up on the idea that she loves breaks and makes the drama all parts. In life, failure is binding. To write, he's useful. Spiritual. Exciting.

The player then enters the head of a writer. It passes to the washing machine. With this couple broke up, he discovered writing as methadone feeling.
