NB - VOL VII HAS THE BLURB FOR BOTH VOLS - ELSP89 This volume is the penultimate one in the Oxford English Texts Byron, described by Ian Jack as 'one of the finest editions we have of any of the Romantic poets'. It contains all the works of 1821 and 1822, including all Byron's late plays - The Two Foscari, Sardanapalus, Cair: A Mystery, (publication of which gave rise to threats of prosecution against the publisher, John Murray), and the unfinished The Deformed Transformed. As usual, the works are given with textual annotation at the foot of the page, and there is a full introduction and extensive annotation at the end of the volume.
