出版时间:1999-4-8

装帧:Paperback

isbn:9780195413014

This book brings together essays by front-line workers and researchers from across the country. The essayists describe their own successes and failures in dealing with the effects of HIV in rural communities, and upon urban Aboriginal street youth, haemophiliacs, the gay male community, women, injection drug users, and families with children.
