This inventive pop-up, featuring the mischievous stars of Jean-Luc Fromental and Joëlle Jolivet's 365 Penguins, starts with ten penguins on an icy shore. One by one, they playfully disappear from the scene as the text counts down from ten to zero. The flaps embedded in the book facilitate the story—readers can make the penguins disappear and reappear! It's a stylish, humorous take on a counting book with winter-friendly, penguin-filled pop-ups.
