著者:Dale

出版者:Springer

出版时间:1998-12-21

装帧:Paperback

isbn:9780387985565

This book is unique in identifying and presenting tools to environmental decision-makers to help them improve the quality and clarity of their work. These tools range from software to policy approaches, and from environmental databases to focus groups. It is equally of value to environmental managers, and students in environmental risk, policy, economics and law.
