This is the story of someone who - almost - wasn't there; who vanished into thin air. Her names, dates, family and experiences very nearly disappeared from the record for good. 'Claire Tomalin's multi-award-winning story of the life of Nelly Ternan and Charles Dickens is a remarkable work of biography and historical revisionism. It not only returns the neglected actress to her rightful place in history, but provides a compelling and truthful portrait of the great Victorian novelist.' A biography of high scholarship and compelling detective work' - Melvyn Bragg, "Independent".
