著者:Scott Soames

出版者:Oxford University Press, USA

出版时间:2002-1-3

装帧:Hardcover

isbn:9780195145281

In this fascinating work, Scott Soames offers a new conception of the relationship between linguistic meaning and assertions made by utterances. He gives meanings of proper names and natural kind predicates and explains their use in attitude ascriptions. He also demonstrates the irrelevance of rigid designation in understanding why theoretical identities containing such predicates are necessary, if true.
