出版时间:1999-08-13

装帧:Hardcover

isbn:9780073658636

This updated text offers a three-pronged approach to global management, foreign entry, local marketing, and global marketing. It addresses how to market an existing product in global markets and discusses how a company develops a new product for a global market. This discussion takes into consideration the culture and needs of those customers.
