This book expands on the information about women in Tom Nguyen's first book, "Incredible Comics with Tom Nguyen", loaded with tips, techniques and excellently rendered, attractive people. This book shows how to draw specific attributes such as

faces, hands and feet; racial differences and eyes; various types of costumes and accessories. The reader is shown different types of comic-book babes and how to draw their unique details. The final chapter focuses on 'mini-assignments' that would be given by an editor or art director in the real world. These assignments feature different ways to portray the sexy female figure in various settings. The last assignment demonstrates how to use all the material learned in the previous chapters to draw a completed comic-book page.
