"His pursuit of learning gave force and unity to everything he did...in his books, as in his learning, he showed that scholarship could have an austere splendor of its own."--Herschel Baker in his biographical sketch. Hyder Rollins' publications ranging from the Elizabethans to Keats, admirably exemplified his dedication to scholarship. This bibliography constitutes in terms of quantity alone, a record of formidable achievement; and the ordering of this wealth of publication gives scholars the means of easy reference to a sequence of impeccable research. Sponsored by the Department of English, Harvard University, this tribute to Hyder Rollins also includes a list of the more than one hundred doctoral dissertations directed by him over the course of three decades.
