Complete integrated indices of History of Middle-earth volumes to complement new series. For the first time every index from each of the twelve volumes of The History Of Middle-earth has been published together in a single volume -- to create a supreme index charting the writing of Tolkien's masterpieces The Lord of The Rings and The Silmarillion. This stunning work of reference complements the fascinating History of Middle-earth series, now repackaged to complement the distinctive and classic style of the 'black cover' A-format paperbacks of The Hobbit, The Lord of the Rings, The Silmarillion and Unfinished Tales.
