著者:John Paul Mueller

出版者:Que

出版时间:2001-9-22

装帧:Paperback

isbn:9780789725660

This book introduces the reader to SOAP and serve as a comprehensive reference to both experienced and new developers in the area. Special Edition Using SOAP will capture more readers than the competition because it provides real-world examples and troubleshooting with complete data conversion information. The emphasis will be

on getting started fast instead of reading through white paper-style theory in hopes of finding applicable information. By reading this book and working through the examples, the reader will be well-versed in SOAP and its applications immediately.
