The first ever Lonely Planet guidebook was stapled together at a kitchen table. We're keeping that spirit alive with CUSTOM guides - sections of our most popular books combined to fit your trip.

Arizona & the Grand Canyon
The Southwest USA is a sprawling wonderland, but if you're low on time why not focus on Arizona? Beyond the wonder of the truly Grand Canyon, discover tiny desert outposts where you expect nothing but find everything, explore Native American culture and get a taste for crispy, laden frybread. This book includes:

A guide to the Southwest's Native American tribes, reservations and arts

All the practicalities – banks, internet access, where to do your laundry
