

Readings in International Political Economy

[Readings in International Political Economy_ 下载链接1](#)

著者:David N. Balaam

出版者:Prentice Hall College Div

出版时间:1995-12-12

装帧:Paperback

isbn:9780131496002

This interdisciplinary collection of readings helps students understand state-market relations. It is designed to stand on its own or to supplement other IPE texts.

作者介绍:

Mike Veseth is the Robert G. Albertson Professor of International Political Economy at the University of Puget Sound in Tacoma, Washington, where he has taught since 1975. Mike was named Washington Professor of the Year 2010 by the Carnegie Foundation for the Advancement of Teaching and the Council for Advancement and Support of Education. He is an authority on the political economy of globalization and the global wine market.

目录: Perspectives on International Political Economy. IPE Structures: Production, Money, Knowledge, and Power. State-Market Tensions Today. IPE North and South.

还不错的IPE入门阅读资料，比起其他纯粹选摘学术论文的书，不论是偏学术还是重现现实议题（例如IPE： Perspectives on Global Power and Wealth），涉及范围更广，更适合入门的资料积累、问题思考和思维锻炼。但这是1996年的版本，选题和选材在现在看来已然落后，比如那时候的作者群还在担忧欧洲一体化进程会逆转、欧洲重回诸侯对抗时代；还在考虑海湾战争后的世界秩序和美国战略；还在关注日本的经济成长和政治走向，中国尚处于“潜在经济大国”的状态；对国际货币和金融也涉猎甚少，因为亚洲金融风暴尚未发生。这本书是配合两位作者的Introduction to IPE使用，Introduction已经出到2010年版了，不知道这本书有无进一步更新。
