出版时间:2002-7-1

装帧:Paperback

isbn:9781932111538

This book provides an easy and practical starter guide for professional designers who are new to the Internet, as well as technical novices who need a user-friendly yet powerful application for designing and managing fully functional web sites. The book

covers all of the steps involved in using the powerful Dreamweaver tool to create highly interactive Web sites. Some of the important topics covered include working with frames, designing with forms, incorporating formatted images, adding graphic images to Web sites, and techniques for making Web sites interactive.
