

Complexity, Entropy and the Physics of Information

[Complexity, Entropy and the Physics of Information 下载链接1](#)

著者:Wojciech H. Zurek (Editor)

出版者:Westview Press

出版时间:1990-01-22

装帧:Paperback

isbn:9780201515060

作者介绍:

Wojciech Hubert Zurek (born 1951) is a well-known physicist and a Laboratory Fellow at Los Alamos National Laboratory. He is a leading authority on quantum theory, especially decoherence. His work also has a lot of potential benefit to the emerging field of quantum computing.
