In Rio Vista, California, Taylor Greene, the perfect son and heir to a fortune, dies in what is called a suicide. But two hundred miles away in an anonymous motel room, a federal agent waiting to meet Taylor has been murdered.

Months later, Dane Rudd enters Rio Vista for a memorial to this young man whom he had never even met. Dane owes his life to Taylor Greene, for he was almost blinded in an accident and it is because of the donation of Taylor's corneas that he is able to see again.

Soon Dane begins a journey along a pathway lined with liars, thieves, murderers and innocents - a fool's errand, and a dangerous hunt for truth.
