"Stubborn, lethal, and from Jersey...what more could a Viking warrior want from his woman?" The Gathering, Book 1 Neecy Lawrence, winged warrior for a Viking goddess and second-in-command of the fierce Crows, doesn't know what to do with a nice guy. As it is, making up for a past she'd sooner forget leaves her barely polite most days. But Raven leader and loyal Odin warrior, Will Yager, isn't just nice. He's gorgeous, hot, and a distraction she simply can't afford. Yager has wanted Neecy in his life--and in his bed--for a long time. Not just for a night, but forever. And, like any self-respecting Viking, he'll stop at nothing to get what he wants. So what if she's the most difficult, complex, never-gives-him-a-break woman he's ever known? She's more than worth the effort. In fact, she's worth everything. And if it turns out that twenty-four hours of non-stop, any-way-she-wants-it sex doesn't work with Neecy? Then it looks like he'll just have to get a little more creative... "Warning: Contains a strong, intelligent, ass-kicking heroine; an alpha hero with the occasional geeky tendency; gritty, realistic violence; and sex so hot that, well, let's just say there's not enough ice water in the world..."
