装帧:Paperback

isbn:9780521639538

This book argues that community can exist at the international level, and that states

dwelling within an international community have the capacity to develop a pacific disposition. The contributors provide an exhaustive regional and historical survey of places where states have come to expect peace, where they are working to foster such expectations, and where peace is hoped for rather than expected. This volume is an important contribution to international relations theory and security studies, providing a new vision of the possibilities for peaceful relations among states.

**评论**

给了四星，其实真正理解的不多。我这愚笨的大脑始终无法理解跟建构主义比较相关的理论……一看到什么共同体之类的就用契约、交易和制度激励之类的方法去解释了……好吧真不是学社会学的料子。P.S  
这本书是某门国际安全seminar的必读书目。结果偏偏这门课第一个大assignment的题目就从我对这本书的读后感里化出来，老师还批准了……ORZ
