The magnificent new novel by the internationally bestselling author of *The Other Side of Midnight* and *Morning, Noon and Night*. He wanted power, she wanted revenge! 'Dear Diary: This morning I met the man I am going to marry.' It was a simple enough entry in a young woman's diary which gave not the slightest portent of the elaborate chain of events that was about to occur. *The Best Laid Plans* tells the explosive story of the beautiful and ambitious Leslie Stewart, who learns that for some men power is the greatest aphrodisiac; and of Oliver Russell, the handsome governor of a small southern state, who finds out why hell has no fury like a woman scorned. With the unexpected twists and turns that are the hallmarks of his mega best-selling novels, Sidney Sheldon spins a tale of two equally determined people headed on a collision course. Oliver has a strategy to win the White House; Leslie has a scheme to make him wish he'd never been born. They both should have known that even the best laid plans can go dangerously astray! in a deadly dangerous way.
