Josie Barrett brings out the animal in men. Literally. As the local veterinarian in a town that's approximately seventy percent Others--mostly shapeshifters--Josie deals with beastly situations all the time. It's practically part of her job description. But when the werewolves of Stone Creek, Oregon, start turning downright feral, Josie smells a rat--among other, more dangerous critter. Teaming up with the ferociously sexy Eli Pace, a full-time sheriff and part-time were-lion, Josie tries to contain the shapeshifting problem before it spreads like a virus. But when more shifters get infected--and stuck in their animal forms--the fur really begins to fly. Josie and Eli have to find the cause, fast, before the whole town goes to the dogs. But first, they have to wrestle with a few animal urges of their own.
