"With "Baby Senses", you will have fun while helping your baby to think through his senses, promoting intellectual growth and crucial brain connections" - Dr Miriam Stoppard. What does that feel like? Touch the different textures, listen to the sound and marvel at the colourful, sparkly pictures. What will your baby discover on the pages? Spend some special time reading together, little fingers will enjoy the easy-turn-pages and fold out parents' notes and developmental milestones mean you can encourage your child's emerging skills. This is the perfect way to get your baby learning.
