Today Astro City is a shining metropolis on a hill where super-heroes patrol the skies. However, things were not always as bright as they are today. In the early 1970's, in the wake of a global catastrophe, two brothers, one good and one evil must deal with

family secrets and social upheaval, involving heroes from Jack-In-the-Box to the Blue Knight and the unsettling events leading to the final fate of the mysterious Silver Agent. Find out why this era was so troubled through the eyes of two men who survived the depths of it! Celebrating its 15th anniversary in August 2010, ASTRO CITY's darkest, most ambitious tale comes to an end with this anticipated new collection!
