isbn:9780789724724

The Unauthorized Guide to Pocket PC is the best place to start for someone seriously considering the purchase of a Pocket PC, or someone who has just made the purchase and is eager to hit the ground running and use it to its full potential. Along with exploring the major software components of the Pocket PC platform, the book also guides the reader through other aspects of using a Pocket PC such as establishing an online connection and taking advantage of wireless communications. This book is for anyone who wants to learn how to get the most out of their Pocket PC, even beginners. No matter what model the reader has, this book will be a useful reference and learning tool.
