isbn:9780521771580

Few American playwrights have exerted as much influence on the contemporary stage as Sam Shepard. His plays are performed on and off Broadway and in all the major regional American theatres. They are also widely performed and studied in Europe, particularly in Britain, Germany and France, finding both a popular and a scholarly audience. This Companion containing specially-commissioned essays explores the various aspects of Shepard's career, providing fascinating first-hand accounts and substantial critical chapters on the plays, poetry, music, fiction, acting, directing and film work.
