Personal transformation often blossoms out of hopelessness and despair. At other times, it is driven by anguish and painstaking work. Even mere serendipity can lead to amazing life changes. In this inspiring collection of personal stories, you'll learn how others have met adversity, overcome harsh life circumstances, and created fulfilling lives of joyful bliss and abundance. Best-selling authors, healers, transformational leaders, teachers, coaches and others share the pivotal moments in their lives that led them down new and innovative paths. International learning expert Paul R. Scheele, teacher and healer Chunyi Lin, Marie Diamond and Michael J. Bennett and Al Siebert join inspirational publisher Steven E in a salute to human growth.
