In this moving, layered novel of memory and family, celebrated author Richard Mason tells the story of a mother and daughter, one caught in the past, one racing toward the future.

Joan is eighty years old, a gifted amateur pianist who can no longer play because of her arthritic hands. Joan's daughter, Eloise, is an ambitious hedge fund manager who has decided to move her mother to an assisted-living facility. As a last hurrah, Eloise plans a trip to Joan's childhood home in South Africa. What Joan discovers there summons long-buried secrets and opens up an entirely new world. *Natural Elements* is a dazzling tale of history and longing, and the high-stakes, full-tilt embrace of life.
