Written by an Adobe Acrobat expert and illustrated throughout in full color, this Complete Course shows you how to master a wide range of Acrobat's versatile, powerful tools while working on several projects. Eighteen sessions and more than eighty-five step-by-step tutorials, accompanied by vivid color images and screen shots, walk you through the creation of a themed promotional campaign from start to finish. After completing the course, you'll have an impressive set of reports, presentations,

and forms you can adapt for use with real products or services, plus a thorough understanding of Acrobat 6 fundamentals. Learn how to create PDF documents from many authoring programs. Create and fill in Acrobat PDF forms. Learn how to integrate sound and video in PDF documents. CD-ROM Contents All raw files necessary to complete the projects Iteration files for each session Two bonus sessions, with information about how PDF documents are printed and distributed
