isbn:9780632064410

This book is a must for all MRCP candidates. Together with the two companion volumes, the book provides a comprehensive guide to the written paper MRCP syllabus. Volume 2 contains 60 case histories essential for preparation for the case history component of the exam. These encompass the full range of general medical problems encountered in hospital practice. Familiarity with the contents of this book will ensure that all candidates stand the best chance of passing the exam first time!
