著者: Sterling Scott Jones

出版者: Indiana University Press

出版时间: 1995

装帧: paperback

isbn: 9780253209115

"This is an essential book for those interested in renaissance instrumentation as well as for potential players." Early Music Review "Sterling Scott Jones wrote a marvelous and very welcome work which can be warmly recommended to all musicians, musicologists, and instrument makers interested in early music, its instruments, and performance practice... This work is of the highest scholarly and, at the same time, practical value (which is extremely rare!): It certainly opens up a new era in the research and use of the lira da braccio." RIdIM/RCMI Newsletter "Sterling Scott Jones' exceptional book is ... welcome as a practical study of the instrument, with its emphasis on iconography, and with its fingering charts, tuning instructions and

playable musical examples." The Consort: European Journal of Early Music
