isbn:9780847832699

Published on the eve of the fiftieth anniversary of the debut of *La Dolce Vita* , this is the most authoritative survey ever of Federico Fellini’ s complete oeuvre.

This definitive and important contribution on Federico Fellini chronicles the body of work of one of the most influential and revered directors of all time, and one of Italy’ s most important modern cultural icons. It features the great director’ s own drawings, sketches, storyboards, notes, and commentary along with behind-the-scenes photographs—both on set and off—and covers each film from the entire span of his career. Largely never before published, the material collected in this lavishly illustrated volume is drawn primarily from the archives of the Fellini Foundation and from the Fellini family’ s private collection.

This major tribute is certain to be a must-have for any serious cinephile, fan, or student.
