Penguins. They are inescapable. Thanks to blockbuster movies like March of the Penguins and Happy Feet these adorable little birds are everywhere from lunch boxes to computer games. We've seen them dance, we've seen them fall in love, we've even seen them surf, but perhaps what we all want is to see them wreaking havoc? In 94 hilarious cartoons, this book shows exactly what happens when penguins go on the rampage. If you've ever wondered why the Titanic really sunk or wanted to see a very different ending to The Wizard of Oz then this book is for you. Either way, you'll never look at penguins in the same way again...
