The Cambridge History of the Cold War is a comprehensive, international history of the conflict that dominated world politics in the twentieth century. The three-volume series, written by leading international experts in the field, elucidates how the Cold War evolved from the geopolitical, ideological, economic and socio-political environment of the two World Wars and the interwar era, and explains the global dynamics of the Cold War international system. It emphasises how the Cold War bequeathed conditions, challenges and conflicts that shape international affairs today. With discussions of demography and consumption, women and youth, science and technology, ethnicity and race, the volumes encompass the social, intellectual and economic history of the twentieth century, shedding new light on the evolution of the Cold War. Through its various geographical and national angles, the series signifies a transformation of the field from a national - primarily American - to a broader international approach.

适合当教材

非常值得译介。

如果你想只读一本书就想了解当今国际冷战史的最新成果的话，这本书是最佳选择，没有之一。如果你自信对这个领域足够了解，你应该略过这本书，找更多的专著来看。
