The Empress has been kidnapped while in the midst of trying to unite the races. Her true whereabouts are unknown, but her return is vital to the survival of the Seven Kingdoms. One dwarf, the Mage Ilfanti, is determined to find Karleena and return her to the realm to face the threat of Zoldex and fulfill her dream of unification. His mission will not be an easy one. He must journey far from the Imperium in search of a mystical artifact that will allow the wielder to have any one question answered. That question: "Where is Karleena?" Follow Ilfanti as he returns to a life of an adventurer and battles against time to save the Imperium. Will he be able to find the mystical artifact and locate the Empress in time?
