Scary? How would you feel if you found a coded message that seemed to be a child's game and then found out that you were being drawn deeper and deeper into something that spelled nothing but trouble? Should Ellen and George tell their parents about the coded message? May be they should, but they didn't. Ellen adn George were on vacation in a Florida fishing village. With every passing day, with that note as their secret, the fun part of decoding the message dimmed, and the danger grew -- especially after they tried to follow Pico. In the end, it was urgent: Ellen, decode the message to save your brother or
