From the creator of the cult-classic Captain Star TV cartoon series: the first collection of comic strips tracing the strange but illustrious career of Captain Jim Star - the greatest hero any world has ever known - from its surreal beginnings to its improbable middle. Witness his triumphs, learn from his words of wisdom, and meet his crew on the Boiling Hell, Navigator Black, Officer Scarlett, and Atomic Engine Stoker "Limbs" Jones. Steven Appleby is also the creator of the comic strip and film series "Small Birds Singing," and the BBC radio series "Normal Life." One of Britain's best loved cartoonists, his work has appeared in newspapers and magazines internationally, and he has written and illustrated numerous books.
