出版时间: 1989-6-1

装帧: Mass Market Paperback

isbn: 9780771099762

In the sequel to *Roughing It in the Bush*, Susanna Moodie portrays the relatively sophisticated society springing up in the clearings along Lake Ontario. During a trip from Belleville to Niagara Falls, Moodie acts as a meticulous observer of the social customs and practices of the times.

Invaluable as social history and as a candid self-portrait, *Life in the Clearings versus the Bush* chronicles, with wit and wisdom, Canadian society in the mid-19th century.

The NCL edition is an unabridged reprint of the complete original text.
