It is the autumn of 1920 and Leah Breckenridge is desperate to find a way to provide for her young daughter. After losing her husband and infant son in an accident, she is angry at God and fearful about the future. Finding refuge in a boardinghouse run by her late husband's aunt, Leah's heart begins the slow process of mending. Is it the people who surround her--or perhaps this very house--that reach into her heart with healing? Delightful, realistic characters and skilled writing make The House on Malcolm Street a treasure. Leisha Kelly's fans and new readers alike will find this simple story about the complexities of life an engrossing read.
