This is not a love story. It's a story about obsession, compulsion, devotion and an all-encompassing need for someone. No, this is not a love story. Tom and Anna Bradford wanted to dabble in SandM, but Anna's unrelenting need for the very best leads them to Master Dante. The couple realized quickly that they are in over their heads; however, it is too late to turn back now. Dante's Mansion is in the middle of the Nevada desert, the only way out is if Master Dante wishes for you to leave. Their only hope is to endure Dante's cruelty for the next two weeks. but a lot can change in two weeks.
