Magic: The Gathering®’s entire planeswalker web comic series in one volume, now with never-before-seen material!

Written by Magic: The Gathering’s creative team, and brought to life in lavish four-color illustration by some of the industry’s best known artists, Path of the Planeswalker represents the high quality story-telling readers have come to expect from the world’s most popular trading card game.

In this action-packed volume, readers get adventures from all their favorite planeswalkers including battles between mind-mage Jace Beleren and the impulsive pyromancer Chandra Nalaar. The mercurial necromancer Liliana Vess tangles with the savage Garruk Wildspeaker. And we learn more of the artificer Tezzeret’s past with the Seekers of Carmot, plus much more.
