出版时间:2010-9-7

装帧:Paperback

isbn:9780307473776

From the incomparable Peter Ackroyd: a brilliant re-imagination of the classic tale that has enthralled readers for nearly two centuries.

Victor Frankenstein, a researcher, and the poet Percy Bysshe Shelley form an unlikely friendship as first-years at Oxford. Shelley challenges the conventionally religious Frankenstein to consider his atheistic notions of creation and life—concepts that become an obsession for the young scientist. As Victor begins conducting anatomical experiments to reanimate the dead, he at first uses corpses supplied by the coroner. But these specimens prove imperfect for Victor’s purposes...

Filled with the literary lights of the day, including Percy Shelley, Godwin, Lord Byron, and Mary Shelley herself, and penned in period-perfect voice, *The Casebook of Victor Frankenstein* is sure to become a classic of the twenty-first century.
