Widowed father Ben Lamar isn't an expert on parenthood. Especially when it comes to helping his teenage son with special needs. So when a caring child psychologist offers to work with the boy, Ben is relieved. Until he discovers that Alison Stone's ideas are very different from his. Granted, his son "is" responding very well to treatment. But the lovely doctor is asking way too much of a hardheaded guy like Ben. Such as opening his mind and heart to new possibilities...like love and a forever family.
