In his dedication of The Lion, the Witch, and the Wardrobe, C.S. Lewis said to the young people for whom he wrote, "Some day you will be old enough to start reading fairy tales again." not so GRIMM is a collection for those who are ready for fairy tales. The stories take place in our familiar world, but the author also pulls back the curtain between this reality and another in surprising scenes, evoking the old tales while tapping the shoulder of the 21st-century conscience.
