In this gutsy novel from the bestselling author of *The Wind Done Gone*, a woman delves into her own past and her deceased ex-husband's private secrets to make sense of his unlikely transformation into a powerful black neo-con, and his even more unlikely end—at the Rebel Yell, a dinner theater of Confederate nostalgia. *Rebel Yell* is a

novel of resilient love, political intrigue, and family secrets, steeped in our country's racial history and framing our unique political moment.
