The Carrie Diaries is the coming-of-age story of one of the most iconic characters of our generation. Before Sex and the City , Carrie Bradshaw was a small town girl who knew she wanted more. She's ready for real life to start, but first she must navigate her senior year of high school. Up until now, Carrie and her friends have been inseparable. Then Sebastian Kydd comes into the picture, and a friend's betrayal makes her question everything. With an unforgettable cast of characters, The Carrie Diaries is the story of how a regular girl learns to think for herself, and evolves into a sharp, insightful writer. Readers will learn about her family background, how she found her writing voice, and the indelible impression her early friendships and relationships left on her. Through adventures both audacious and poignant, we'll see what brings Carrie to her beloved New York City, where her new life begins.

评论

高三化学课的可爱读物

读起来很流畅、舒服，只是故事中的年代有些久远了。

一年前买的书 今天才算看完 跟电视剧的内容有些出入
感觉自己还是不适合看这种题材的书
