First came the news that a flying saucer had landed in Iowa. Then came the announcement that the whole thing was a hoax. End of story. Case closed. Except that two agents of the most secret intelligence agency in the U.S. government were on the scene and disappeared without reporting in. And four more agents who were sent in also disappeared. So the head of the agency and his two top agents went in and managed to get out with their discovery: an invasion is underway by slug-like aliens who can touch a human and completely control his or her mind. Sam Cavanaugh was one of the agents who discovered the truth. Unfortunately, that was just before he was taken over by one of the aliens and began working for the invaders, with no will of his own. And he has just learned that a high official in the Treasury Department is now under control of the aliens. Since the Treasury Department includes the Secret Service, which safeguards the President of the United States, control of the entire nation is near at hand...

作者介绍:

Robert A. Heinlein was the greatest science fiction writer who ever lived. His novels

have been translated into every literate language on the globe—over 25 million Heinlein books are in print in this country alone. For five decades, young readers of science fiction discovered Heinlein, then gone on to voraciously devour every Heinlein book they can get their hands on. His now-legendary *Stranger in a Strange Land* was the first hardcover bestseller by a science fiction writer. From 1975 on, every new Heinlein novel made the New York Times best-seller list and shipped a million copies, including *The Number of the Beast*, *Friday*, *Job: A Comedy of Justice*, *The Cat Who Walks Through Walls*, and *To Sail Beyond the Sunset*. In a career spanning half a century, he wrote over forty books, and four of his novels won Hugo Awards, an unequalled record for almost four decades. For the last three generations of readers, Heinlein is science fiction.

## 评论

看过的第三本Heinlein，应该算不上是他的最高水平，不过还是很吸引人。按说一本写于50年代初期的科幻小说应该算是过时之作，不过Heinlein的作品好像都有一种超越时代的特质。而且这种外星人入侵的作品虽然算不上首创也是先驱了。不管怎么样，我觉得好的科幻小说的关键还是怎么能把人性写好，而不是光靠天马行空。最后还得说一下我看的这个版本最后有个叫Sarah A Hoyt的写的后记，真是烂。
