The basis for the new Pirates of the Caribbean: On Stranger Tides film starring Johnny Depp, On Stranger Tides is Tim Powers's great Disneyland ride through pirates, puppeteers, treasure, and thrill-a-minute action that carries on from the start as it follows the exploits of John 'Jack Shandy' Chandagnac, who travels to the new world after the death of his puppeteer father to confront his uncle, who has apparently made off with the family fortune. During the voyage, he befriends Beth Hurwood and her father Benjamin Hurwood, an Oxford professor. Before they arrive at their destination, their ship is waylaid by Blackbeard and his band of pirates. With the help of the professor and his assistant, the captain is killed and Chandagnac is pressed into piracy and sorcery as Blackbeard searches for the Fountain of Lost Youth. Chandagnac, newly dubbed 'Jack Shandy,' must stop the evil plot and save Beth Hurwood.

一直习惯与东方的奇幻，对于西方奇幻的有些部分真是完全搞不懂。不过故事情节还算不错，还有就是人物众多。约翰（项迪）与贝思的情思也一直贯穿整篇小说。
